

Int'l. Fishing and Related Activities

§ 300.200

(b) Import as an entry for consumption, purchase, receive for export, export, or re-export any fish or fish product regulated under this subpart without a valid trade permit issued under § 300.182.

(c) Fail to possess, and make available for inspection, a trade permit at the permit holder's place of business, or alter any such permit as specified in § 300.182.

(d) Falsify or fail to record, report, or maintain information required to be recorded, reported, or maintained, as specified in § 300.183 or § 300.185.

(e) Fail to allow an authorized agent of NMFS to inspect and copy reports and records, as specified in § 300.183 or § 300.185.

(f) Fail to comply with the documentation requirements as specified in § 300.185, § 300.186 or § 300.187, for fish or fish products regulated under this subpart that are imported, entered for consumption, exported, or re-exported.

(g) Fail to comply with the documentation requirements as specified in § 300.186, for the importation, entry for consumption, exportation, or re-exportation of an Atlantic swordfish, or part thereof, that is less than the minimum size.

(h) Validate consignment documents or re-export certificates without authorization as specified in § 300.187.

(i) Validate consignment documents or re-export certificates as provided for in § 300.187 with false information.

(j) Remove any NMFS-issued numbered tag affixed to any Pacific bluefin tuna or any tag affixed to a bluefin tuna imported from a country with a BCD tag program before removal is allowed under § 300.187; fail to write the tag number on the shipping package or container as specified in § 300.187; or reuse any NMFS-issued numbered tag affixed to any Pacific bluefin tuna, or any tag affixed to a bluefin tuna imported from a country with a BCD tag program, or any tag number previously written on a shipping package or container as prescribed by § 300.187.

(k) Import, or attempt to import, any fish or fish product regulated under this subpart in a manner inconsistent with any ports of entry designated by NMFS as authorized by § 300.188.

(l) Ship, transport, purchase, sell, offer for sale, import, enter for consumption, export, re-export, or have in custody, possession, or control any fish or fish product regulated under this subpart that was imported, entered for consumption, exported, or re-exported contrary to this subpart.

(m) Fail to provide a validated consignment document for imports at time of entry into the Customs territory of the United States of fish or fish products regulated under this subpart except shark fins, regardless of whether the importer, exporter, or re-exporter holds a valid trade permit issued pursuant to § 300.182 or whether the fish products are imported as an entry for consumption.

(n) Import or accept an imported consignment of fish or fish products regulated under this subpart, except shark fins, without an original, completed, approved, validated, species-specific consignment document and re-export certificate (if applicable) with the required information and exporter's certification completed.

Subpart N—Identification and Certification of Nations

AUTHORITY: 16 U.S.C. 1826d *et seq.*

SOURCE: 76 FR 2024, Jan. 12, 2011, unless otherwise noted.

§ 300.200 Purpose and scope.

The purpose of this subpart is to implement the requirements in the High Seas Driftnet Fishing Moratorium Protection Act ("Moratorium Protection Act") to identify and certify nations whose vessels are engaged in illegal, unreported, or unregulated fishing or whose fishing activities result in bycatch of protected living marine resources. This language applies to vessels entitled to fly the flag of the nation in question. Identified nations that do not receive a positive certification may be subject to trade restrictive measures for certain fishery products. The Moratorium Protection Act also authorizes cooperation and assistance to nations that are taking action

§ 300.201

to combat illegal, unreported, or unregulated fishing or reduce bycatch of protected living marine resources.

§ 300.201 Definitions.

For the purposes of the Moratorium Protection Act:

Bycatch means: the incidental or discarded catch of protected living marine resources or entanglement of such resources with fishing gear.

Fishing vessel means: any vessel, boat, ship, or other craft which is used for, equipped to be used for, or of a type which is normally used for—

(1) Fishing; or

(2) Any activity relating to fishing, including, but not limited to, preparation, supply, storage, refrigeration, transportation, or processing, bunkering or purchasing catch, or aiding or assisting one or more vessels at sea in the performance of such activity.

Illegal, unreported, or unregulated (IUU) fishing means:

(1) Fishing activities that violate conservation and management measures required under an international fishery management agreement to which the United States is a party, including but not limited to catch limits or quotas, capacity restrictions, and bycatch reduction requirements;

(2) Overfishing of fish stocks shared by the United States, for which there are no applicable international conservation or management measures or in areas with no applicable international fishery management organization or agreement, that has adverse impacts on such stocks; or,

(3) Fishing activity that has a significant adverse impact on seamounts, hydrothermal vents, cold water corals and other vulnerable marine ecosystems located beyond any national jurisdiction, for which there are no applicable conservation or management measures, including those in areas with no applicable international fishery management organization or agreement.

International agreement means: an agreement between two or more States, agencies of two or more States, or intergovernmental organizations which is legally binding and governed by international law.

50 CFR Ch. III (10–1–12 Edition)

International fishery management agreement means: any bilateral or multilateral treaty, convention, or agreement for the conservation and management of fish.

International fishery management organization means: an international organization established by any bilateral or multilateral treaty, convention, or agreement for the conservation and management of fish.

Protected living marine resources (PLMRs) means: non-target fish, sea turtles, or marine mammals that are protected under United States law or international agreement, including the Marine Mammal Protection Act, the Endangered Species Act, the Shark Finning Prohibition Act, and the Convention on International Trade in Endangered Species of Wild Flora and Fauna; but they do not include species, except sharks, that are managed under the Magnuson-Stevens Fishery Conservation and Management Act, the Atlantic Tunas Convention Act, or by any international fishery management agreement.

§ 300.202 Identification and certification of nations engaged in illegal, unreported, or unregulated fishing activities.

(a) *Procedures to identify nations whose fishing vessels are engaged in IUU fishing*
(1) NMFS will identify and list, in a biennial report to Congress, nations whose fishing vessels are engaged, or have been engaged at any point during the preceding two years, in IUU fishing.

(2) When determining whether to identify a nation as having fishing vessels engaged in IUU fishing, NMFS will take into account all relevant matters, including but not limited to the history, nature, circumstances, extent, duration, and gravity of the IUU fishing activity in question, and any measures that the nation has implemented to address the IUU fishing activity. NMFS will also take into account whether an international fishery management organization exists with a mandate to regulate the fishery in which the IUU activity in question takes place. If such an organization exists, NMFS will consider whether the
